### **AMENDMENT – November 14, 2023**

Point 4.1.f 'Overall male and female COC series winners for 2023-24' changed from  
'Total of highest 8 scores (out of 10 races) in sprint and/or distance', **TO**  
'Total of highest 6 scores (out of 10 races) in sprint and/or distance'

## 1. General Information

1. FIS Objectives: To assist in athlete development for participation in the World Cup (WC).
2. Nordiq Canada Objectives: To create competitive opportunities based on results from select domestic competitions to provide WC starts and stimulate the transition from domestic to future World Cup, World Ski Championships and Olympic Winter Games medalists.
3. Nations can apply to FIS to designate as a “FIS Continental Cup Series” domestic race events that meet FIS criteria. In receiving official designation for such a series, host nations receive additional World Cup quota. Races that have received this designation in Canada are called Nordiq Cups.
4. These additional quotas are nominative, the athletes cannot be substituted if they cannot start due to force majeure.
5. The athletes have to meet the World Cup entry requirements (see [FIS World Cup Rules](#) point 2.1).
6. General principles about qualification for the World Cup can be found in the World Cup rules (see [FIS World Cup Rules](#)).
7. For the 2023-24 season, the Nordiq Cups, Nordiq Canada Selection Trials, and the Nordiq Canada Ski Nationals competitions referenced in 2.0 are designated as Canada’s FIS Continental Cup Series (Nordiq Cups). All designated competitions will be FIS-sanctioned. Competitors with FIS licenses, entered in the open classes of individual races, will be eligible for points allocated for the series standings and aggregate winners.
8. Nordiq Canada’s High Performance Director (HPD) reserves the right to decide whether Canada will utilize these additional World Cup quota positions allocated by FIS in consideration of Canada’s FIS Continental Cup Series. The decision will be based on factors that include:
  - a. Nordiq Canada 2023-24 Competition Trip Selection Criteria Sections 1 and 2
  - b. World Cup scheduling (i.e. competition formats, distances, and locations) and the athlete’s ability to compete in the scheduled events.
9. Nordiq Canada will only consider for selection members in good standing who have a valid Canadian passport, a valid Nordiq Canada license, and a valid FIS license and who meet FIS minimum eligibility standards referenced in the [FIS World Cup rules](#).
10. The COC series winners will receive travel subsidies according to article 6.2 of the [FIS World Cup rules](#). All other expenses, including the daily Nordiq Canada support fee listed in the 2023-24 Competition Criteria will be the responsibility of the athlete.

### 5. Series Scoring

1. The scoring system outlined in the Nordiq Canada Technical Package, which uses the World Cup scoring system, will be used to determine the overall leaders throughout the COC Series:
  - a. A scoring system that assigns points as follows: 1st place= 100 points, etc.
  - b. The principles to be applied for any tie-breaking situations is outlined in [the FIS World Continental Cup rules](#) point 3.2.2.

2. Cancellation of any race in the series will result in a review of the number of results to be considered in each period; this reassessment will be made by the HPD with input from the HPC.
