performance readiness test, the results of which will be kept confidential between the athlete, their coach and medical practitioner(s) and Nordiq Canada staff and the Nordiq Canada HPC (where relevant).

15. The performance readiness test will consist of a controlled performance such as a competition or observed test or trial and the athlete will be given reasonable notice of the date of the test or trial, taking into account the nature of the exceptional circumstances. Tests may also include, but are not limited to physiotherapy assessment, medical assessment/clearance and time trial/race results to confirm health and readiness to compete at the Paralympic level.

5. Nordiq Canada's HPD may also determine, at its sole discretion, following consultation with the HPC, to hold alternative replacement events or assessments for the purpose of nomination to the OWG Team, including virtual events, but only where feasible and where the nomination procedure indicated in this INP, including the stated performance objectives, are not prejudiced.
6. Should any event specified in this INP be canceled, postponed, rescheduled, or replaced, Nordiq Canada shall update the nomination procedures indicated in this INP, as applicable, as soon as reasonably possible and shall communicate any modifications to all impacted individuals, as well as publish the modified INP on its website, prior to the postponed, rescheduled or replacement event.
7. Decisions made pursuant to this clause shall not be subject to appeal and do not apply to the cancellation of events that are conducted under the authority of organizations other than Nordiq Canada.
8. In such circumstances, Nordiq Canada will determine if alternate events may be attended as a substitute for the event that Nordiq Canada has decided not to participate in and, if so, will modify this INP accordingly, publish the new version on Nordiq Canada's website, and inform all impacted individuals as soon as possible.
9. When making decisions regarding Nordiq Canada's travel to and participation in events for safety reasons, Nordiq Canada will endeavor to minimize any impact of such decisions on Olympic qualification, obtaining Olympic quota spots and domestic nomination to the Team.
