

2023-2024 NATIONAL SKI TEAM PROSPECTS PROGRAM – Olympic Stream

Selection Rational

- The Prospects program is an east and west based camp program designed for U18 and U16 athletes.
- The goal of the Prospects program is to provide meaningful, GMP based training opportunities from multiple divisions.
- *Aggregate Rank In Region* placing is from the ranking list of eligible athletes from that region. Example, an athlete might be ranked 3rd overall on the aggregate list but be ranked first in their region.
- As this is a development program, criteria 5.5.b HPD discretion will remain open for athlete selection based on point 2.2.5.

Congratulations to the following athletes who will be invited to a 2023-2024 Prospects camp based on the criteria outlined in the Nordiq Canada *National Ski Team (NST) Selection Criteria 2023-24*.
